Adjunct Faculty Orientation and Development

On Saturday, January 19 the CTRE will be hosting its spring Adjunct Faculty Orientation and Development (AFOD).

Building on the last AFOD schedule, this year will offer two tracks, one for new faculty, and one for faculty who attended the last session but are interested in polishing their knowledge and skills.

AFOD will guide faculty through a variety of sessions, from grading guidelines to the Learning Assistance Center to syllabus training and more.

A “Birds of a Feather” session is also being added to the schedule.

AFOD will take place from 8:00 to 3:00, beginning in the Library Sun Room.

To register, contact James Kowsalski at jkowalsk@csu.edu or x2498.

Paid Student Research Internships

Christian Brothers University (CBU) is now accepting applications for its Minority Health International Research Training (MHIRT) Program.

MHIRT is a 10-week, fully funded summer research program open to undergraduate and graduate students of all disciplines looking to investigate health and health disparities in the developing world. The program aims to be a springboard for underrepresented and disadvantaged groups to enter into the biomedical and behavioral research sciences.

Students chosen for the program will be sent to one of six locations in either Brazil or Uganda.

The priority deadline for applications is December 17; the final deadline is December 31. Application materials and information can be found at www.cbu.edu/mhirt.
As part of its “Building the Learning Community” series, the CTRE is proud to present

**FLIP, DON’T FLOP!**

**A Two-Day Workshop on Flipping the Classroom**

**November 28**

Michael Garver and Brian Roberts of Central Michigan University will be on campus to lead an all-day series of fun, high-energy sessions to help you flip your classroom.

This dynamic duo was flipping classrooms before it was a buzzword! They will bring a solid balance of “teach” and “tech” to this event, and ultimately help you to significantly increase higher-order learning in the classroom.

Come for as many sessions as you wish!

**November 29**

Ryan Eash of TechSmith will be on hand to coach you on using the best tools available to flip your classroom.

Ryan will provide lots of hands-on training, so you’ll leave being ready to transform your classroom!
