

This publication includes deadlines for the month of August 2010. Deadlines marked by asterisks (**) are tentative. In some cases, these are specific dates that may change depending on the timing of the deadline notices. In others, we have listed just the month during which a deadline is expected. Deadlines marked by a double plus sign (++) are target dates. Proposals submitted by a referenced target date will be included in a particular review cycle, while those received after the target date will be held for the next review cycle. It is advisable to contact the program staff cited in each listing to obtain all available information.

Program: Music Education Programs

Next Deadline: Aug 02, 2010

Agency: ASCAP Foundation

Sends nearly 800 scholars and professionals each year to 140 countries, where they lecture or conduct research in a wide variety of academic and professional fields. Applicants must have current U.S. citizenship; hold a Ph.D. or other terminal degree in their field; have university teaching experience; and have foreign language proficiency for country where project will take place. Awards vary from two months to a full academic year. Single deadline exists for grants to all world regions. See <http://www.cies.org> for details. E-mail: scholars@cies.ii.org
CFDA Number:

Next Deadline: Aug 01, 2010

Supports American music creators and encourages their development through music education and talent development programs. Foundation's programs include songwriting workshops, scholarships, awards and recognition programs, public service projects for senior composers and lyricists, and providing grants to other organizations engaged in educational programs for aspiring songwriters and composers. Grants are up to \$3,000. Deadline refers to required letters of intent.

 Program: Kennedy Library Research Grants and Fellowships

Agency: John F. Kennedy Library Foundation

Next Deadline: Aug 15, 2010

Provides up to \$5,000 for studies that will benefit from use of the Kennedy Library. The purpose of these grants is to help defray living, travel, and related costs incurred while doing research in the

 Program: Grants for Arts Projects: Access to Artistic Excellence

Agency: National Endowment for the Arts

Next Deadline: Aug 12, 2010

Supports activities to make the arts more widely available, especially in areas where the arts can strengthen communities. NEA is particularly interested in projects that extend the arts to underserved populations, those whose opportunities to experience the

arts are limited by geography, ethnicity, economics, or disability. Funding is available for dance, design, folk and traditional arts, literature, local arts agencies, film/radio/TV, museums, music, musical theater, opera, presenting, theater, and visual arts. Limited submission: see special restrictions under "Eligibility". <http://www.nea.gov/grants/apply/index.html> for details. E-mail: lims@arts.endow.gov CFDA Number:45.024

Program: America's Historical and Cultural Organizations: Implementation Grants

Agency: National Endowment for the Humanities

Next Deadline: Aug 18, 2010

Supports traveling or long-term museum exhibitions, library-based projects, interpretation of historic places or areas, interpretive web sites, or other project formats that creatively engage audiences in exploring humanities ideas and questions. Applicants should have already done most of the planning for their projects, including the identification of the key humanities

themes, relevant scholarship, and program formats. Projects with interdisciplinary perspectives and those that use innovative formats and non-traditional ways of engaging audiences are eligible. E-mail: DWeinstein@neh.gov See <http://www.neh.gov/grants/grantsbydivision.html#public> for details.

Program: America's Media Makers:
Development and Production Grants

Agency: National Endowment for the
Humanities

Next Deadline: Aug 18, 2010

Projects must promote active exploration and engagement for broad public audiences in history, literature, archaeology, art history, comparative religion, philosophy, or other humanities. Development grants enable producers/scholars to develop the content and format and to prepare the programs for production; awards last from six-12 months and range from \$40K to \$75K. Production grants enable producers and scholars to continue their engagement with humanities topics, and they support the production and postproduction of programs; awards are up to three years and are up to \$800K. See

Program: Fellowship Programs at
Independent Research Institutions

Agency: National Endowment for the
Humanities

Next Deadline: Aug 19, 2010

Supports fellowships at institutions devoted to advanced study and research in the humanities. Fellowship programs may be administered by independent centers for advanced study, libraries, and museums in the U.S.; American overseas research centers; or other organizations that have expertise in promoting research on foreign cultures. Individual scholars must apply directly to the institutions themselves (see website for institutional list). Recent grants have ranged from \$138,000 to \$618,750. See

Program: Kirschstein-NRSA Predoctoral Fellowships to Promote Diversity

Agency: National Institutes of Health

Next Deadline: Aug 13, 2010

Most NIH institutes support individual predoctoral fellowships (F31) in specified areas of biomedical & behavioral sciences for individuals from racial & ethnic groups; individuals with disabilities; & individuals from disadvantaged backgrounds.

Fellowships provide up to 5 years support for research training leading to the PhD or equivalent research degree. Applicants should show potential to become productive, independent investigators, & are required to include a letter from the institution certifying eligibility for this program. PA expires 1/8/13. See

<http://grants.nih.gov/grants/guide/pa-files/P A-10-109.html> for more details.

Program: NIH Support for Conferences and Scientific Meetings

Agency: National Institutes of Health

Next Deadline: Aug 12, 2010

NIH-wide program supports quality meetings (parent R13; cooperative agreement-U13) that are relevant to NIH's scientific mission & to public health.

Supports symposiums, seminars, conferences, workshops or formal meetings where persons assemble to coordinate, exchange, & disseminate information &/or explore a problem, or area of knowledge. Support is contingent on fiscal & programmatic priorities of the individual ICs. PI must present letter from IC staff documenting permission to apply. PA expires 1/8/13. See

Program: SHIFT: Small Business Helping
Investigtr's Fuel Translatn of Scientfc
Discoveries

Agency: National Institutes of Health

Next Deadline: Aug 05, 2010

Many institutes supports small business concerns (SBC) that foster translational biomedical & behavioral research that transforms academic scientific discoveries into commercial products & services. A major feature of the SHIFT program includes the requirement for an investigator who is primarily employed by a U.S. research institution at the time of application to transition to a SBC to be primarily employed (more than 50% time) by the SBC by or at the time of award. Expires 1/8/12. See

<http://grants.nih.gov/grants/guide/pa-files/P-A-10-122.html> for details & other contacts.

Program: Small Business Innovation
Research Grant (SBIR) Program

Agency: National Institutes of Health

Next Deadline: Aug 05, 2010

SBIR is a set-aside program (2.5% of an agency's extramural budget) for domestic small business concerns to engage in research/research & development (R/R&D) that has the potential for commercialization. PHS's program supports grant applications (R43;R44) to NIH, CDC, ACF & FDA from small businesses in biomedical or behavioral research areas. Support is normally provided for six months/up to \$150,000 for Phase I & 2 years/up to \$1 million for Phase II. AIDS-related projects are due by 1/2; 5/1; & 9/1. Expires 1/8/11. See

Program: Lab to Marketplace: Tools for
Brain & Behavioral Research (SBIR)

Agency: National Institutes of Health

Next Deadline: Aug 05, 2010

NIMH & several NIH institutes support small business research (R43/44) for the translation of technologies for brain or behavioral research from academic & other non-small business research sectors to the marketplace. Requires close collaboration between original technology developer & small businesses. May be accomplished in any number of ways, including the use of multiple PIs but small business concern is applicant. Budgets up to \$350,000 total costs per year for up to two years for Phase I may be requested. Expires 1/8/11. See [http://grants.nih.gov/grants/guide/pa-files/P

Next Deadline: Aug 15, 2010 (target date)

Supports research on a wide range of topics associated with the structure and movement of the ocean, with the way in which it transports various quantities, with the way its physical structure interacts with the biological and chemical processes within it, and with interactions among the ocean and the atmosphere, solid earth, and ice that surround it. See

http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=12729 for details.

Program: Focused Research Groups in the
Mathematical Sciences (FRG)

Agency: National Science Foundation

Next Deadline: Aug 20, 2010

Supports projects for which collective group effort is needed to respond to scientific needs of pressing importance, to take advantage of current scientific opportunities, or to prepare the ground

for anticipated significant scientific developments in mathematical sciences. Groups may include, in addition to mathematical scientists, researchers from other science and engineering disciplines appropriate to the proposed research. Deadline refers to required letters of intent. Full proposals due 9/17/10. See http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=5671 for details.

Program: Partnerships in Astronomy and
Astrophysics Research and Education
(PAARE)

Agency: National Science Foundation

Next Deadline: Aug 03, 2010

Supports enhanced diversity in astronomy and astrophysics research and education by stimulating the development of formal, potentially long-term, collaborative research and education relationships among minority-serving institutions and NSF-

supported facilities, projects, or faculty members at research institutions, including academic institutions, private observatories, and NSF Division of Astronomical Sciences-supported facilities. See http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=501046 for details.

 Program: Conferences, Workshops, and Special Meetings in Mathematical Sciences

Agency: National Science Foundation

Next Deadline: Aug 26, 2010

Supports proposals for regular conferences, symposia, and workshops and special meetings, which comprise longer-term/larger-scale activities that widely engage mathematical sciences community, such as special research years or semesters, multi-institutional regional meetings, and summer schools. Deadline refers to proposals for special meetings; regular proposals submitted by relevant programs' deadlines and target dates. See

http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=11701 for details.

 Program: Strategic Technologies for Cyberinfrastructure (STCI)

Agency: National Science Foundation

Next Deadline: Aug 05, 2010 (target date)

Supports work leading to the development and/or demonstration of innovative cyberinfrastructure services for science and engineering research and education that fill gaps left by more targeted funding opportunities. Highly innovative cyberinfrastructure education, outreach, and training proposals that lie outside the scope of targeted solicitations are also supported. See

http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=503475 for details.

Program: Cognitive Neuroscience

Agency: National Science Foundation

Next Deadline: Aug 27, 2010 (target date)

Supports highly innovative, interdisciplinary projects aimed at advancing rigorous understanding of how the human brain supports thought, perception, affect, action, social processes, and other aspects of cognition and behavior, including how such processes develop and change in the brain and through evolutionary time. Emphasis is on integration of cognitive sciences, basic sciences, and engineering for insights into healthy functions of brain, cognition, and behavior. See

http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=5316 for details.

Program: Cultural Anthropology

Agency: National Science Foundation

Next Deadline: Aug 15, 2010

Supports basic scientific research about the causes, consequences, and complexities of human social and cultural variability.

Annual target dates for Senior Research by Ph.D. investigators, Doctoral Dissertation Research Improvement, High-Risk Research in Anthropology, and training and workshops are 1/15 and 8/15. Annual target dates for Cultural Anthropology Scholar awards for research-related, post-PhD training are 1/16 and 8/16. Research Experience for Undergraduates (REU) and Graduates (REG) proposals due 3/1.

See

Program: Geography and Spatial Sciences
(GSS)

Agency: National Science Foundation

Next Deadline: Aug 15, 2010 (target date)

Supports research on geographic distributions and interactions of human, physical, and biotic systems on Earth's surface. Investigations on nature, causes, and consequences of human activity and natural environmental processes across a range of scales are encouraged. Projects must enhance geographical knowledge, concepts, theories, and methods, and their application to societal problems and concerns. Research proposal target dates are 1/15 and 8/15. Dissertation Improvement proposals due 2/15 and 10/15 annually. See http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=5410 for details.

Program: Perception, Action, and Cognition

Agency: National Science Foundation

Next Deadline: Aug 01, 2010 (target date)

Supports research on perception, action, and cognition, with emphasis on research strongly grounded in theory. Research topics include vision, audition, haptics, attention, memory, reasoning, written and spoken discourse, motor control, and developmental issues. Program encompasses a range of theoretical perspectives, such as symbolic computation, connectionism, ecological, nonlinear dynamics, and complex systems and variety of methodologies. No support for dissertation research. See http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=5686 for details.

Program: Decision, Risk, and Management
Sciences (DRMS)

Agency: National Science Foundation

Next Deadline: Aug 16, 2010 (target date)

Next Deadline: Aug 18, 2010 (target date)

Supports scientific research to increase understanding/effectiveness of decision making by individuals, groups, organizations, and society. Disciplinary/interdisciplinary research, doctoral dissertation research and workshops funded in the areas of judgment and decision making; decision analysis/aids; risk analysis, perception, and communication; societal and public policy decision making; management science and organizational design. Also supports small grants that are time-critical and/or high risk. See

Supports development of innovative methods and models for the social and behavioral sciences and interacts with other programs in SBE, as well as other programs in NSF, most notably the Statistics and Probability Program in MPS. MMS seeks proposals that are interdisciplinary, methodologically innovative, and grounded in theory. Interests are general research and infrastructure activities; mid-career research fellowships; research on survey and statistical methodology; and doctoral dissertation research. See

http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=5423 for details.

Agency: National Science Foundation

Next Deadline: Aug 15, 2010 (target date)
Supports scientific research that advances knowledge and understanding of

citizenship, government, and politics. Proposals are expected to be theoretically motivated, conceptually precise, methodologically rigorous, and empirically oriented. Substantive areas of interest include American government and politics, comparative government and politics, international relations, political behavior, political economy, and political institutions. Target dates refer to research proposals. Doctoral Dissertation Support proposals deadline is 1/15. See

http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=5418 for details.

Agency: National Science Foundation

Next Deadline: Aug 01, 2010 (target date)

Considers proposals addressing four program components: Ethics and Values in Science, Engineering, and Technology;

History and Philosophy of Science, Engineering, and Technology; Social Studies of Science, Engineering, and Technology; and Studies of Policy, Science, Engineering, and Technology. Components overlap, but are distinguished by different scientific and scholarly orientations and different focus areas within subject area. See

http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=5324 for details.

Program: Sociology

Agency: National Science Foundation

Next Deadline: Aug 15, 2010 (target date)

Supports research on human social organization and processes of individual and institutional change. Supports theoretically-focused empirical investigations to improve explanation of fundamental social processes. Includes

research on organizational behavior, population dynamics, social movements, social groups, labor force participation, stratification and mobility, family, social networks, socialization, gender roles. Annual target dates 1/15 and 8/15 for Regular Research and 2/15 and 10/15 for Dissertation Research. See http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=5369 for details.  Program: Tropical Research Institute
 Fellowships

Agency: Smithsonian Institution

Next Deadline: Aug 15, 2010

Supports tropical biology, ecology, behavior, and evolution of terrestrial and marine organisms; archeology; paleontology; and human ecology research in Panama. Tupper Three-Year Postdoctoral Fellowships (1/15 annually) support the testing of innovative

hypotheses. Short-Term Fellowships (2/15, 5/15, 8/15, and 11/15 annually) support three months of research and travel costs. See http://www.stri.org/english/education_fellowships/fellowships/stri_programs.php for details. E-mail: fellows@si.edu CFDA Number:N/A
