Book Scholarship for New Biology Students

Student Name _____

Home Address _____

Home Phone _____ e-mail address _____

____ Are you applying as a first-time freshmen (no college transfer credits)

____ Are you applying as a transfer student (college credits transfer to CSU)

CRITERIA: The applicant must be admitted to CSU as first-time, full-time freshmen or as a transfer student taking classes full time. Students must enter as a Biology Major with a High School or College transfer GPA of 2.75 or higher. Applicants must complete an essay and submit two letters of recommendation. One letter must be from a High School or College faculty member. The faculty letter must be submitted either on an official stationary or be sent from an official institutional e-mail account. *Incomplete applications will not be evaluated! Information that cannot be read, verified or understood due to illegible writing is also grounds for "non-consideration"!

Entering High School Students

Book Scholarship Essay

Please answer the following essay question in the box below (Maximum length, 500 words): We recommend that you write your essay in a word processing program using the spell and grammar checker functions and then cut and paste your essay into the box bellow. Your essay will be evaluated on content, spelling and grammar.

What is the biggest challenge that will face the next generation of scientists in the biological sciences?

Make sure that you express your ideas in your own words and take time to proof read your essay; content, originality of thought and writing skill will be evaluated.
