

## **BASIC SKILLS TEST ASSISTANCE**

We have developed a full set of assistance media for help with this test. To get the most out of this, you need to register at least three months before you plan to take the test. Call us at 773-995-2215 or email [TWRC@csu.edu](mailto:TWRC@csu.edu) to register for this assistance.

After you register, we will put you into a learning site we pay for, available anywhere on the web (once you have been entered). We then email you the necessary information to use it, and we include a sample writing prompt for you to practice on. Unless you have taken the test before, we ask you to take all the pretest sections and send us the essay. If you have previously taken the test, all we need are your test scores to determine what you need.

After you have shown us what you can do, we will tell you what learning modules you should complete (on the same website) to increase your chances of passing. In addition, we tell you about other books, websites, or handouts you can use. Tutoring is available in all subjects. Register at the above number.

Also, before the test, you should plan to attend at least one set of workshops. The current schedule is as follows:

Basic Math	Friday	Feb 25, 2005	6pm
Test-Taking skills	Saturday	Feb 26, 2005	1pm
Basic Writing	Saturday	Feb 26, 2005	1pm
Basic Grammar	Monday	Feb 28, 2005	6pm
Basic Reading	Wednesday	March 2, 2005	6pm

The workshops are repeated each month there is a test date, but at different times. Stop at ED 111 to learn the location of the workshop when you come.

All services are free to current CSU students. Otherwise, only \$50.
