

DESCRIPTIVE AND REFLECTIVE WRITING WORKSHOPS

In this set of two workshops, we share and clarify the kinds of writing necessary for so-called “observation reports.”

We have completed the series for Spring 2005, but you may request to be placed on a waiting list for another set of workshops by calling us at 773-995-2215 or emailing TWRC@csu.edu. Or you may receive handouts from these workshops by stopping by ED 111; if so, you will not receive the scintillating discourse and explanations that are also offered at the workshop.

This service is free for current CSU students; otherwise, it's a \$20 series.
