

RESEARCH PAPER WORKSHOPS

A workshop for undergraduates in Basic Research Paper Writing is held each semester in conjunction with Douglas Library. It is free for current CSU students; otherwise, it's \$10.

We have completed the series for Spring 2005; however, you may still receive a packet of information concerning this topic, in which case you will not receive the instruction that goes with it. Stop in ED 111 to receive this assistance. Watch for more workshops in Summer or Fall 2005, or ask to be placed on a waiting list.
