THE UNIVERSITY

About the University

The University: Founded in 1867 as a teacher training school, Chicago State University, the oldest public university in the Chicago metropolitan area, has been fully accredited by the Higher Learning Commission since 1941.

Academics: The University offers undergraduate programs in the Colleges of Arts and Sciences, Business, Education and Health Sciences. Graduate programs are offered in the Colleges of Arts and Sciences, Health Sciences, Pharmacy and Education.

Our Faculty: Approximately 350 full-time and 150 part-time faculty members yield a faculty-student ratio of 19 to 1. Ninety percent of all faculty have earned a doctorate or other terminal degree.

Our Campus: A veritable forest in the city, Chicago State's beautiful campus is set on 161 wooded acres and includes 13 buildings. Two buildings in particular—a state-of-the-art library and a 7,000-seat convocation center—have transformed the campus, serving the University's academic and cultural needs while fulfilling the institution's standing commitment to foster community economic development.

Athletics: The University fields National Collegiate Athletic Association (NCAA) Division I teams in seven men's and eight women's sports, including basketball, indoor and outdoor track, cross country, golf, tennis, baseball, soccer, and volleyball. As of July 1, 2013, the University joined the Western Athletic Conference (WAC). Intramural sports and campus recreation are also offered.

Mission Statement

Chicago State University (CSU) is a public, comprehensive university that provides access to higher education for students of diverse backgrounds and educational needs. The University fosters the intellectual development and success of its student population through a rigorous, positive, and transformative educational experience. CSU is committed to teaching, research, service, and community development including social justice, leadership, and entrepreneurship.

Statement of Mutual Responsibility

The main goal of campus life at Chicago State University is to maintain a strong educational community. While living and learning in such a community brings privileges, it also carries responsibilities. Students, by virtue of their enrollment at CSU, agree to accept the responsibilities of membership in the University community including adapting to the rules that foster the kind of campus atmosphere that Chicago State University desires. These responsibilities are detailed in the Student Judicial Code. Students are held accountable for adhering to the rules and regulations while enrolled or participating in any university program on

or off campus from the beginning to the end of each semester. Graduating undergraduates and graduating master's degree candidates remain accountable throughout commencement activities.

Statement of Appropriate Dress

Chicago State University (CSU) is committed to fostering an environment in which learning is supported by mutual respect, courtesy, and concern for the feelings of others. All members of the CSU community are expected to demonstrate this commitment by wearing clothing that expresses the dignity of the individual and the scholarly purpose of the University. The various colleges, departments, and programs within CSU may establish and enforce additional standards of dress considered appropriate for the accomplishment of their educational missions.

Alma Mater

Here's to Chicago, colors evergreen and white
Hail CSU where we can reach the height
Proudly we raise all our voices to you
Helping each other to make it through

Chorus:

Honor and Glory! Telling our story
Keeping our mission so true
Honor and Glory! We'll tell the story
Lifting our voices to CSU

Hail CSU where all our dreams come true
Meeting the challenge, making old things new
Onward and upward we proudly sing
All our devotion we gladly bring

Lifting our voices to CSU

As we endeavor to achieve our goal
May we continue with a joyful soul
Fondly availing our school's brave heart
With adoration we shall impart

Chorus:

Honor and Glory! Telling our story
Keeping our mission so true
Honor and Glory! We'll tell the story
Lifting our voices to CSU

University Seal

The Chicago State University Seal is based on the design of the original seal of the Normal School, probably the earliest symbol of Chicago State University. It appropriately reiterates the University's heritage and proud past. The pine evergreen design is the symbol of vitality, life, and continued growth; it is always green and growing, persistent and long living. Each stage of the evergreen's growth broadens its base and increases its stature. The motto "Responsibility" that encircles the evergreen characterizes the University's educational stance; its commitment to students, and the urban community that it serves.

CORDELL REED STUDENT UNION

Background of Adinkra Symbols

From top to bottom, Chicago State University's Cordell Reed Student Union Building, which opened July 1995, has been heralded as a fine architectural mixture of African traditions and contemporary American culture. The main section of the building is a rotunda adorned with a cone-shaped steel and glass roof. These architectonic forms are based on the "temu" or round house building indigenous to cultures in South Africa. The pyramid-shape roof is endemic to structures of Africa from Egypt (Kemet) to South Africa; but, the architects have placed these African influences in a fresh, distinctly American context.

The symbols embedded in the floor of the rotunda come from the famous Adinkra cloth of the Asante people of Ghana, West Africa. Adinkra is a plain woven cloth that is hand stamped with symbols cut from the calabash plant. It is a mourning cloth, used to say good-bye to departed ones. The Asante use specially-made shiny black ink or dye in the stamping process. Each symbol has a name and proverb attached to it. Depending on the symbol, the individual wearing the cloth can be expressing his relationship and commitment to state, family, community and God. The symbols in the rotunda represent goals, leadership qualities, academic excellence and the spirituality of Chicago State University.

The origins or history of Adinkra cloth are two-fold. One tradition states that Chief Kofi Adinkra of Gyaman (now the Ivory Coast) angered the Asante King Bonsu Payin by trying to copy the "Golden Stool," the Asante national symbol of power. Chief Adinkra was defeated and slain in the ensuing war of 1818.

It has been suggested that the design and technology of the Adinkra cloth was supposedly imported by the Asante and named after the defeated king.

Another theory suggests the word "Adinkra" is derived from the Akan word "di" meaning to make use of or to employ and "nkra" meaning to part, to leave one another, to say good-bye. Dr. J. D. Danquah of Ghana states: "The word 'nkra' or 'nkara' means message and intelligence: where human destiny or the life span is concerned, it refers particularly to the intelligence or message each should take with him from God upon his obtaining leave to depart from earth."

Clearly, the use of Adinkra cloth and symbols are intended to mark the link forged between the living and the dead, the present and the future, the affairs of the now and the affairs of the hereafter.

Dr. Danquah's interpretation gives greater understanding and depth to the Adinkra cloth. On the other hand, we must also note that Adinkra cloth has evolved beyond that to serve other important functions.

The cloth is now worn at joyous or special occasions such as weddings, christenings, naming ceremonies, festivals and rites of passage. For these occasions, bright backgrounds with many shades of yellow or white are worn. A. K. Quarcoo of the University of Ghana at Legon sums it up by saying: "Not only are the patterns regarded as aesthetically and idiomatically traditional,

but more importantly, they carry, preserve and present aspects of history, social values, cultural norms and philosophy of the people of Ghana.”

It is within this vein that the Adinkra symbols were chosen to be used in the Cordell Reed Student Union.

“Walking on the floor of the Student Union places one in contact, through the feet, with the symbols of the spirit-energy of the African ancestors. They are intended to give the same effect as one would have being wrapped in the large one-piece Adinkra cloth. These symbols again, in Dr. Danquah’s words, “mark the link forged between the living and the dead, the present and the future, the affairs of the now and the hereafter.”

A booklet explaining the meaning of the Adinkra symbols is available in the Office of Dean of Students, CRSU 268-A.

The Cordell Reed Student Union was winner of the 1996 International Interior Design Association Magazine Award (featured on its November 1996 cover) and the 1996 Interior Architecture Award of the American Institute of Architects of Chicago.

SAFETY & SECURITY

POLICE DEPARTMENT

Location: O&M Building, Room 107
Telephone: (773) 995-2113 on campus ext. 2113
Emergency: (773) 995-2111 on campus ext. 2111
Hours: 24 hours a day, seven days a week

The officers of the Chicago State University Police Department continually strive to better serve the University community. Our goal is to maintain a safe and secure campus environment. Members of the Department are trained professionals who present a uniformed presence while serving the University Community. In the course of their duties, they employ proactive measures to identify potential problems before they occur; thereby increasing the ability to prevent the occurrence of most serious incidents.

The CSU Police Department fosters solid relationships with students, faculty, staff and administrators in several ways:

- by being visible and approachable,
- by providing safety awareness programs on campus,
- by communicating with the surrounding communities about their safety issues,
- by exercising a high level of customer service, and
- by employing other outreach efforts designed to enrich the CSU experience.

The Chicago State University Police Department will work diligently, effectively, and cooperatively with other federal, state, and local law enforcement agencies, keeping safety of the campus community our highest priority. We will continue to serve in a manner that is respectful to all and that reflects positively upon the University.

CSU Crime Statistics can be found on the CSU website at the Police Department's home page located at: www.csu.edu/CSUPolice/index.htm. Individuals can request a copy of this report by submitting a written request to the University Police at O&M, Room 210 or download a copy at <http://www.csu.edu/CSUPolice/pdf/AnnualFireSafetyReport.pdf>

POLICE POWERS

The law enforcement officers of the Chicago State University Police Department receive their police authority via provisions of Illinois Compiled Statute, *110 ILCS 660/5-45 (11)*. "Members of the Police Department shall be conservators of the peace and as such have all powers possessed by policemen in cities, and sheriffs, including the power to make arrests on view or warrants of violations of state statutes, University rules and regulations and city or county ordinances."

PATROL DIVISION

The **Patrol Division** is the most critical aspect of the CSU Police Department. The University is protected by vehicular, foot and mountain bike patrols. Patrol officers respond to crimes in progress, traffic accidents, reports of suspicious activity, and requests for assistance ranging from a medical emergency to a person locked out. Patrol officers conduct initial investigations of all crimes reported on and sometimes off campus. Patrol officers work effectively to enforce traffic laws. The CSU Police Department operates around the clock to serve the University community.

The primary objective of the Chicago State University Police Department is to insure the safety of all students, faculty, staff and visitors of the University.

The Chicago State University Police also serves the community with uniformed security guards, student patrol, and traffic units.

JEANNE CLERY DISCLOSURE ACT

In 1990, Congress enacted the Crime Awareness and Campus Security Act (Title II of Public Law 101-542), which amended the Higher Education Act of 1965 (HEA). This act required all post-secondary institutions participating in Title IV student financial aid programs to disclose campus crime statistics and security information. The 1998 amendments to this act renamed the law the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (See the Campus Crime Report Section).

CAMPUS CRIME REPORT

In accordance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, Chicago State University provides a link to the crime statistics via the CSU Police Department home page: www.csu.edu/CSUpolice/index.htm

24-HOUR INFORMATION HOTLINE

The 24-hour Information Hot Line, (773) 821-2882, has been established for university security-related problems. This hotline is designed to make the University community security conscious and assisting the Chicago State University Police Department in solving university community problems. Information provided will be kept strictly confidential.

CSU EMERGENCY NOTIFICATION SYSTEM

RAVE is CSU's Emergency Notification System which allows students, faculty, and staff to receive alerts via e-mails, voice, and or text messages when important information, i.e., weather alerts, school closings, etc. is to be shared throughout the campus community. For additional information and to sign up for RAVE, go to <http://www.getrave.com/login/csu>.

RAVE Guardian is an extended service of CSU's emergency notification system, and is designed to transform students, faculty and staff mobile phones into a personal alert beacon. In the event of an emergency, critical information students elect to share will be provided to Chicago State University Police Department to help them more quickly respond and help. For additional information and to sign up for RAVE Guardian, go to <http://www.getrave.com/login/csu>.

PERSONAL SAFETY TIPS

We encourage the CSU community to take safety precautions while on campus and in the community:

- Be alert and observant. Stay in well-lighted areas, and use precautions when crossing alleys, entryways and bushes.
- Avoid dark vacant areas near campus when walking at night,
- Establish a buddy plan with fellow students, faculty, and or staff members.

- Continue walking if approached on the street. Make brief, stern eye contact and continue walking. If someone insists on talking, acknowledge his or her presence with a nod, do not stop and do not engage in a conversation.
- Never get into a vehicle even if forced at the point of a gun. The chance of survival on the street is better than in a vehicle or remote location of the abductor's choice.
- Walk on the sidewalks and in populated, well-lit areas whenever possible.
- Walk confidently, directly, and at a steady pace.
- Walk on the side of the street facing traffic.

POLICIES & PROCEDURES

ANTI-HAZING STATEMENT AND POLICY

Chicago State University is a place of high academic study. The University has unconditionally opposed any situation, which produces mental or physical discomfort, embarrassment, harassment or ridicule. Freedom from humiliation and the danger of hazing is guaranteed to each individual student on this campus. Any violation of this guarantee should be reported immediately to the Office of the Dean of Student Affairs.

Chicago State University supports the Fraternity Executives Association's "Statement of Position on Hazing and Pre-Initiation Practices".

This statement of position reads:

"The Fraternity Executives Association has stated its position, periodically, in support of constructive educational and inspirational programs and has asserted unequivocally its opposition to hazing and pre-initiation activities which do not contribute to the positive development and welfare of pledges/associates and members."

The Association defines hazing as any action taken or situation created, intentionally, whether on or off fraternity premises, to produce mental or physical discomfort, embarrassment, harassment or ridicule. Such activities and situations includes paddling in any form; creation of excessive fatigue; physical and psychological shocks; quests, treasure hunts, scavenger hunts, road trips or any other such activities carried on outside the confines of the house; wearing, publicly, apparel which is conspicuous and not normally in good taste; engaging in public stunts and buffoonery; morally degrading or humiliating games and activities, late work sessions which interfere with scholastic activities and any other activities which are not consistent with fraternal law, ritual or policy or the regulations and policies of the educational institution.

Chicago State University, in its Policy on Student Conduct defines hazing as:

Any act on or off the campus of the University, that a reasonable person would find to endanger the mental or physical health or the comfort or safety of a student or prospective student or member, or which results in the destruction or removal of public or private property, or which causes extreme embarrassment, or public humiliation, for the purpose of initiation or admission into, affiliation with, or confirming any form of affiliation, or continued membership in a student organization regardless of an individual's consent to participate in the activity.

Acts of hazing include, but are not limited to:

- Any activity which endangers the physical health or safety of the student or prospective member, including, but not limited to, physical brutality, whipping, beating, paddling, slapping, kicking, choking, scratching, branding, exposure to the elements, forced consumption of any food, liquor, drug, or other substance, or forced smoking or chewing of tobacco products; or

- Subservience, including but limited to any activity which promotes a class system within organizations or activities, which facilitate inappropriate levels of authority over students. Hazing also includes any additional acts included in the definition of hazing under Illinois law, which currently is set forth in *Section 720 ILCS 5/12c-50*, Illinois Hazing Law (may be cited as the Hazing Act).

720 ILCS 5/12C-50

Sec. 12C-50. Hazing.

(a) A person commits hazing when he or she knowingly requires the performance of any act by a student or other person in a school, college, university, or other educational institution of this State, for the purpose of induction or admission into any group, organization, or society associated or connected with that institution, if: (1) the act is not sanctioned or authorized by that educational institution; and (2) the act results in bodily harm to any person (b) Sentence. Hazing is a Class A misdemeanor, except that hazing that results in death or great bodily harm is a Class 4 felony.

CONCEAL AND CARRY POLICY

Chicago State University is committed to providing a safe and secure environment for the CSU community and guests. Pursuant to the 2013 Illinois Firearm Concealed Carry Act (430 ILCS 66/), **THE POSSESSION AND CARRYING OF WEAPONS ON CSU PROPERTY REMAINS ILLEGAL AND PROHIBITED.** This extends to all property owned or controlled by the University including, but not limited to, places outside of campus where university classes, programs and activities are held. Violations of this prohibition will subject persons to arrest and referral for criminal prosecution, as well as appropriate discipline up to and including expulsion from the university and/or termination from employment. If a person believed to be in violation of this prohibition is encountered, please contact CSU Police. Additional information about Illinois concealed carry legislation may be found on the Illinois State Police website.

CYBER-BULLYING POLICY

Chicago State University recognizes the importance of information technology to the mission of the University while at the same time recognizing that these platforms present opportunities for misuse and for people to harm others when the technology is used without regard to consequences and without respect for one another. In order to foster a safe learning and work environment at the University for students and employees, the University has adopted the Cyberbullying Policy, which prohibits: (i) deliberate and repeated conduct or activity that threatens, harasses, intimidates an individual, places an individual in reasonable fear of harm to the individual or damage to the individual's property, or has the effect of substantially disrupting the individual's daily life via the use of electronic information and communication devices; (ii) the use of information and communication technologies to support a deliberate, repeated, and hostile course of conduct to harm others; or (iii) intentional and repeated harm inflicted through the use of computers, cell phones, and electronic devices. Violators will be subject to disciplinary action.

DRUG AND ALCOHOL POLICY

In accordance with federal, state, and city ordinances, and the *Student Code of Conduct* the following drug and alcohol policy applies to all Chicago State students and their guests while on campus or at university-sponsored events. Chicago State University is required by law and in accordance with the Drug-Free Schools and Communities Act Amendments of 1989 to provide information on the University's drug and alcohol policy to every registered student. The information contained in this document is written to serve as an official notification on CSU's Drug and Alcohol Policy.

Its purpose is to serve as a reminder of the health risks associated with drug and alcohol abuse; of University policies related to the illegal possession, use or distribution of drugs or alcohol; of the availability of treatment for drug or alcohol problems through the University's Wellness Center and the Counseling office; and of the internal sanctions and federal, state, and local legal penalties that may result from the illegal sale, possession, consumption or distribution of drugs or alcohol.

- A. **Standards of Conduct:** Chicago State University prohibits the unlawful possession, use, or distribution of drugs and alcohol by students and employees on its property or as any part of its officially sponsored activities. Standards relating to this prohibition are further defined in the University's Drug and Alcohol Policy, which is available in this student handbook and online at <http://www.csu.edu/humanresources/pdf/DrugAlcoholPolicy.pdf>

- B. **Internal sanctions and federal, state, and local legal penalties:** A number of federal, state, and local laws deal with unlawful possession, use, or distribution of illicit drugs and alcohol. Federal Laws Governing Distribution, Use & Possession of Controlled Substances. Under federal law, the manufacture, sale, or distribution of all Schedule I and II illicit drugs or "counterfeit" substances (for example, cocaine, methamphetamines, heroin, PCP, LSD, fentanyl and all mixtures containing such substances, as well as "counterfeit" substances purported to be Schedule I or II illicit drugs) is a felony with penalties for first offenses ranging from five years to life (20 years to life if death or serious injury is involved) and fines of up to \$4 million for offenses by individuals (\$10 million for other than individuals). Federal law also prohibits trafficking in marijuana, hashish, and mixtures containing such substances. For first offenses, maximum penalties range from five years to life (20 years to life if death or serious injury is involved) and fines of up to \$4 million for offenses by individuals (\$10 million for other than individuals). Penalties vary depending upon the quantity of drugs involved. For second offenses, penalties range from 10 years to life (not less than life if death or serious injury involved), and fines of up to \$8 million for individuals (\$20 million for other than individuals). For illegal trafficking in medically useful drugs, (for example, prescription and over-the-counter drugs) maximum prison sentences for first offenses range up to five years and 10 years for second offenses. Anabolic steroids are controlled substances and distribution or possession with intent to distribute carries a sentence of up to six years and a \$250,000 fine.

Federal law also prohibits illegal possession of controlled substances, with prison sentences up to one year and fines up to \$ 100,000 for first offenses, and imprisonment up to two years and fines up to \$250,000 for second offenses. Special sentencing provisions apply for possession of crack cocaine, including imprisonment of five to 20 years and fines up to \$250,000 for first offenses, depending upon the amount possessed.

Persons convicted of possession or distribution of controlled substances can be barred from receiving benefits from any and all federal programs (except long-term drug treatment programs), including contracts, professional and commercial licenses, and student grants and loans. Healthcare providers are barred from receiving federal insurance payments upon conviction of a criminal offense involving distributing or dispensing controlled substances. Property including vehicles, vessels, aircraft, money, securities or other things of value used in, intended for use in, or traceable to transactions that involve controlled substances in violation of federal law are subject to forfeiture to the government. Finally, noncitizens convicted of violating any state, federal, or foreign law or regulation are subject to deportation and exclusion from entry to the United States. **A student who has been convicted of any offense under any Federal or State law involving the possession or sale of a controlled substance shall not be eligible to receive any federal Title IV grant, loan, or work funds according to the Department of Education criteria.**

Additional information relevant to drug and or alcohol offenses can be found online on the Illinois State Police website and by reading the Illinois Controlled Substances Act.

C. Health Risks Associated with Alcohol:

All persons should be aware of the following health risks caused by alcohol:

- Consumption of more than two average servings of alcohol within several hours can impair coordination and reasoning, and make driving an unsafe activity.
- Consumption of alcohol by a pregnant woman can damage the unborn child. A pregnant woman should consult her physician about this risk.
- Regular and heavy alcohol consumption can cause serious health problems such as damage to the liver and to the nervous and circulatory systems. Drinking large amounts of alcohol in a short time may quickly produce unconsciousness, coma, and even death.

D. Health Risks Associated with Drugs:

The health risks associated with controlled substances are numerous and varied depending on the drug. Nonetheless, the use of drugs not prescribed by a physician is harmful to the health.

For example, drug use can cause the following conditions:

- Impaired short-term memory or comprehension
- Anxiety, delusions, and hallucinations
- Loss of appetite resulting in damage to one's long-term health
- A drug-dependent newborn, if the mother uses drugs during pregnancy. (*Pregnant women who use alcohol or drugs or who smoke should consult their physician.*)
- HIV/AIDS, as a result of drug users who share needles
- Death from overdose

E. Resources

If it can be reasonably established that a student's use of alcohol or a controlled substance causes poor attendance or performance problems, then the person will be counseled to seek rehabilitation. Contact the University Counseling Center at 773-995-2383.

Additional resources can be found online at <http://www.csu.edu/dosa/healthWellness.htm>.

F. Parental Notification Guidelines for Alcohol and Controlled Substances Violations:

These guidelines are in response to the Higher Education Amendments of 1998. These amendments created an exception to the Family Educational Rights and Privacy Act (FERPA), enabling universities to notify parents or legal guardians, under certain circumstances, of a student under 21 that uses or possesses alcohol or a controlled substance. This change supports the practice of Chicago State University of establishing a collaborative partnership with parents and actively involving them, when appropriate, in addressing student behavior as it relates to alcohol and drugs.

Notification of parents is done when the university believes it will help the student. When practicable, conversations normally are held with the student before contact is made with parents in an effort to determine whether such contact is the best course of action.

Factors that are considered when deciding to contact a student's parent or guardian are: A consistent pattern of destructive or harmful behavior; behavior that may affect the student's overall well-being or the well-being of others; behaviors that may jeopardize their ability to remain a student; and/or a situation of imminent danger.

When determining parental notification to be in the best interest of the student, it is the university's philosophy to assist the student in contacting their parent/guardian directly. In most cases, the university will intervene only when a student is unwilling or unable to contact their parent/guardian.

Questions or concerns regarding these guidelines should be directed to the Office of the Dean of Students, 240 Cordell Reed Student Union, (773) 995-4510.

SEXUAL ASSAULT POLICY

It is the policy of Chicago State University that the sexual assault of a member of the academic community by another will not be tolerated. This policy applies to all members of the campus community; students, employees, and visitors. This policy applies to incidents that occur on University property, as well as at off-campus functions sponsored or supervised by the institution. The term "sexual assault" as used by Chicago State University in this policy, encompasses the legal definition of sexual assault contained in Chapter 38, Illinois Compiled Statutes. The definition of forcible and non-forcible sex offenses used in this policy is derived from the Federal Bureau of Investigation's Uniform Crime Reporting System. This includes, but is not limited to, acts of rape (stranger and acquaintance), other forms of coerced sexual activity, and unwanted touching or fondling.

The University is committed to:

- Educating the campus community about awareness of sexual assault and its consequences, through Illinois' mandatory Sexual Assault Prevention Program;
- Providing support services to victims of sexual assault,
- Thoroughly investigating alleged incidents of sexual assault, and
- Disciplining student and employee perpetrators of such acts of violence.

Prevention and Awareness of Sex Offenses

A variety of offices provide services aimed at the prevention of sex offenses as well as educational programs about the awareness of rape, acquaintance rape, and other sex offenses. Contact the Office of Admissions, the Counseling Center, the University Police Department or the Division of Student Affairs for more information.

Procedures to Follow If a Sex Offense Occurs

1. If a sex offense occurs, the victim should give first priority to personal safety by seeking immediate assistance at the nearest hospital, police station. If on campus, call ext. 2111 or go to the University Police Department located at O&M 210, where staff are available 24 hours per day.
2. If personal safety is not an immediate concern, the victim may also seek assistance at the Counseling Center CRSU 190. Staff members are equipped to provide supportive assistance, including guidance on the importance of preserving evidence which will be necessary to prove criminal sexual assault if the victim subsequently chooses to pursue the incident through proper law enforcement channels.

It is important for the victim to give serious consideration to reporting such incidents that do occur to the proper law enforcement agency.

3. If the victim chooses to report an incident of sexual assault, it should be reported to the appropriate police department or, if the incident occurred on campus, the University Police Department at (773) 995-2111, O&M 210. For campus disciplinary action the Police Department will refer the matter to the Office of Judicial Affairs if the alleged perpetrator is a student. If the alleged perpetrator is an employee the matter will be referred to the appropriate vice president. For criminal prosecution, the Police Department will refer the matter to the detectives of the violent crimes unit of the Chicago Police Department.

SEXUAL HARASSMENT POLICY

It is the policy of Chicago State University that the sexual harassment of one member of the academic community by another will not be tolerated. This policy applies to all members of the campus community: students, employees, and visitors. It applies to incidents that occur on University property, as well as off campus functions sponsored or supervised by the University. One of Chicago State University's goals is to foster an open learning and working environment free from sexual harassment and from the fear that it may occur. Harassment on the basis of sex is a violation of Title VII of the Civil Rights Act of 1964, and the State of Illinois Human Rights Act. According to the EEOC, "*unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature constitute sexual harassment when submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment, submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual, or such conduct has the purpose or effect of substantially interfering with an individual's work performance or creating an intimidating, hostile, or offensive working environment.*" There are two categories of behaviors that may constitute sexual harassment. The first category, "quid pro quo", refers to situations in which a tangible benefit (a grade, a job, or a promotion) is contingent upon the performance of sexual favors. This occurs in situations of unequal power such as supervisor/subordinate in the workplace or faculty/student in the classroom. The second category, "hostile environment," refers to patterns of behavior or incidents (including verbal, non-verbal, physical, or other) which may seem harmless as individual events, but which may be considered intimidating, hostile, or

offensive when taken together. Intimate relationships between faculty and students, as well as between supervisors and subordinates raise serious professional concerns.

When one party has power over the other, the relationship is inherently unequal. The faculty member or supervisor cannot be certain that the relationship is truly welcome or consensual. If the relationship deteriorates, possible allegations of "quid pro quo" harassment may arise. Furthermore, others who perceive preferential treatment between the parties to the relationship may feel themselves in an offensive environment. Finally, a consensual intimate relationship poses a professional conflict of interest.

All university employees in a supervisory role have the duty to report to the Equal Employment Opportunity (EEO) Office any alleged sexual harassment and/or behavior that creates a hostile environment, as soon as they become aware of the allegation, even in the absence of a complaint. For more information, please visit the following web site:

<http://www.csu.edu/ipm/Articles/articleIISection7-personalconductonuniversityProperty.pdf>

Complaint Procedures

Complaints should be submitted as soon as possible after the alleged discrimination has occurred in order to permit prompt and equitable resolution. The confidentiality of information presented by all parties will be observed, except in those instances when it interferes with the ability of the University to investigate the allegation(s) and take necessary corrective action. In situations that require immediate action because of safety or other concerns, the University may take appropriate disciplinary action (e.g. suspension with pay pending full investigation by the EEO Office). The investigation shall be completed within 8 to 10 calendar weeks, if consideration cannot be completed within this time, the parties will be notified as to the delay.

1. Complainant will be asked to complete an in-take form that will include a brief description of the alleged discrimination and the nature of the remedy desired.
2. A private, in-depth interview will be conducted by the EEO Officer or designee with the complainant.
3. The EEO Officer or designee will contact the person(s) against whom the complaint is being filed and will also interview that person(s) to ascertain her or his response to the substance of the complaint.
4. The EEO Officer or designee may assist in the informal resolution of the complaint. With the consent of both parties involved, the Officer will arrange for information to be shared between the parties regarding applicable issues and appropriate remedies. Failure to reach a resolution will result in the investigation proceeding to step 5.
5. The investigation by the EEO Officer will include interviewing witnesses, confirming information and seeking additional information and / or documentation. In conducting the investigation, the EEO Officer shall have unrestricted access to all pertinent materials, records, reports and documents in possession of any University personnel and shall be afforded the opportunity to interview all persons possessing relevant information.

6. The EEO Officer will forward a written report of the investigation and recommendations of resolution to the Vice President of the respondent or, when appropriate, to the President's designee. The vice president (or President's designee) will decide whether or not University or Board of Trustees policies prohibiting discrimination and sexual harassment have been violated and, if so, what remedial action will be taken by the University.
7. If the vice president, or designee, determines that further investigation is needed, the EEO Officer will continue to do a follow-up review and/or interviews.
8. A final written determination setting forth the vice president's, or designee, decision on the basis of the evidence gathered during the investigation will be sent to both the complainant and the respondent.
9. If disciplinary action is required as a result of a finding of discrimination, procedures required under relevant collective bargaining agreements, Board of Trustees Regulations, State University Civil Service Status and Rules, or University *Student Code of Conduct* will be followed.
10. An appeal may be made to the President. The President's decision is final. Any retaliatory action, of any kind, taken by a Chicago State University employee or student against a complaining party as a result of that party's seeking redress under these procedures is prohibited and shall be regarded as a separate and distinct cause for complaint under these procedures. It is a violation of this policy for anyone to knowingly make false accusations of discrimination or harassment. Failure to prove a claim is not equivalent to a false allegation. Sanctions will be imposed for making false accusations of discrimination or harassment.

SOCIAL SECURITY NUMBER AND STUDENT ID POLICY

In order to comply with Family Education Rights and Privacy Act and Privacy Act of 1974, CSU ID numbers can be used to access CSU Xpress as well as other areas that previously required use of a Social Security number. The unique UID may be used across systems, applications and business processes throughout the lifetime of an individual's relationship with Chicago State University. For instance, an individual may start out as a student, return a few years later as an employee, decide to complete his/her doctoral degree, and return again years later as a faculty member all using the same UID.

The University will still collect Social Security numbers for services such as those relating to employment and student financial aid administration.

For example, a valid SSN will be required for all applicants to begin the hiring process and for all students at the time of application to the University. The Social Security number will be changed to a UID for all new employees as soon as they are hired. The Social Security number for students will be changed to a UID at the time of their initial registration.

STUDENT CODE OF CONDUCT

The *Student Code of Conduct* is the university's formal policy that governs the administrative process pertaining to standards of behavior and conduct expected of students enrolled at CSU. The Office of Judicial Affairs (OJA) is responsible for overseeing the administrative process for protecting students' rights to live and learn in a safe and crime-free environment. The OJA

administers CSU's student judicial process and follows the procedural guidelines established by the university. The Director of Judicial Affairs or a hearing committee, representing faculty and/or staff and students, is responsible for hearing student judicial matters and levying sanctions (penalties) in matters where a student has been found responsible for violating the *Student Code of Conduct*.

Any student accused of violating the *Student Code of Conduct* has the right to a hearing before any final determination or sanctions are issued. However, an immediate temporary sanction will be issued, until a hearing is scheduled, for any alleged violation that threatens the safety of the student or safety of other campus members. In addition, any student found responsible for conduct violations resulting in the sanction of suspension or expulsion has the right to appeal the decision to the Dean of Students or his/her designee.

Sanctions for violating the *Student Code of Conduct* are intended to provide educational experiences that will develop behavior and conduct, demonstrative of responsible citizenship. WAIVER OF TUITION FOR UNIVERSITY STUDENTS

Since July 1, 2008, tuition waivers under this policy have been granted to both undergraduate and graduate students through the Office of the Provost. The Tuition Waiver Handbook contains the listing of waivers and criteria. It is available online on the Provost's webpage at www.csu.edu/provost/apca and in the Office of Financial Aid. Waivers cover the cost of tuition and limited fees. The number of credit hours allocated to students varies from one three-hour course (25% waiver) to full coverage (100% waiver).

The amount of credit depends upon the type of waiver and the student's classification as undergraduate or graduate student. Tuition Waivers are not granted for terminal degrees unless they are mandated by Illinois legislation. Specific criteria based upon undergraduate or graduate status as well as the type of waiver or degree program impact eligibility.

Section 1: Effective July 1, 2008, the Tuition Waiver shall be granted at the beginning of each academic term to eligible students as part of their financial aid. The Tuition Waiver application must be submitted to the Office of Financial Aid by September 15th, January 30th, and by the first day of Intersession and Summer Session classes in which the student is enrolled. Tuition Waiver application forms presented after those dates or at the end of any term will not be approved by the Provost and Senior Vice President for Academic Affairs. Please note that a Tuition Waiver cannot be used to cover past due bills. The waiver must be used in the term for which it is granted and the course or courses are taken.

Satisfactory academic progress should be demonstrated to continue receiving waivers. This means that for those students receiving federal or state grants or funding for their education, they must meet the Student Academic Progress terms on course completion as defined by the Office

of Financial Aid. Continued awarding of Tuition Waivers is contingent upon the student making satisfactory academic progress as defined by the Office of Financial Aid.

Section 2: Eligibility. Waivers are available for both graduate and undergraduate students. Tuition Waivers are granted for a variety of programs including athletics, academic achievements, leadership, talent or participation in specialized academic programs. Each program carries various eligibility requirements. Refer to the Tuition Waiver Handbook (available online in the “A to Z” list at www.csu.edu and in the Office of Financial Aid) for specific criteria.

Section 3: Limitations. Tuition Waivers are granted for undergraduate or master’s level degree or degree completion. The students may need to be accepted into a specific degree or activity program to apply for the waiver.

- a. Students who need to meet any residency or internship policies required in their degree program must make individual arrangements to meet those requirements. It is not the University’s responsibility to waive such academic requirements.
- b. Tuition waivers do not apply to specialized or professional degree programs beyond the master’s level, unless they are statutory or mandated waivers under the State of Illinois regulations. Waivers awarded by an advanced degree program (doctorate in educational leadership, pharmacy doctorate, etc.) will be funded and dispersed through those degree programs. Contact those offices for applications.
- c. Should a student desire to take courses/credit hours in excess of the maximum allowed through the Tuition Waiver Program, they may be required to pay tuition and all applicable fees for those credit hours/courses in excess of the maximum. Students should contact their program’s waiver administrator regarding credit hour limitations. The administrator’s name can be found in the Tuition Waiver Handbook.

Section 4: Processes.

- a. Students seeking tuition waivers must apply for state and federal financial aid prior to being considered for a student tuition waiver. The application process will identify whether or not the student is eligible for other educational benefits.
- b. Students seeking financial aid must complete and submit a Free Application for Federal Student Aid (FAFSA) for the U.S. Department of Education, and complete the financial aid application process before a tuition waiver can be applied to the student account. Follow the directions and guidance from the Office of Financial Aid when applying online and submitting required materials for verification.
- c. Fees beyond tuition such as mandatory and miscellaneous fees, as well as housing cost, are the responsibility of the student. These fees are not covered by the Tuition Waiver, but can be covered through other educational benefits identified through the FAFSA application and Office of Financial Aid screening.

- d. Students seeking tuition waivers who are admitted into a doctoral program must apply for a waiver through those academic programs, unless their waiver falls under the statutory of mandatory waiver program sponsored by Illinois state regulations.
