

**American Chemical Society
233rd National Meeting & Exposition
Chicago, IL, March 25-29, 2007**

Patrick Biggs and LeRoy Jones II, "Incorporation of microencapsulated dicyclopentadiene into an acrylic bone cement matrix" Abstracts of Papers, 233rd ACS National Meeting, Chicago, IL, United States, March 25-29, 2007 (2007), INOR-283.

Robert J. LeSuer, **Brian Davis**, Chuan He, and Zigang Li, "Electrochemical oxidation of disilver(I) complexes", Abstracts of Papers, 233rd ACS National Meeting, Chicago, IL, United States, March 25-29, 2007 (2007), INOR-836.

Pablo Guzman and LeRoy Jones II, "Synthesis of ruthenium bidentate Schiff-base complexes via microwave irradiation" Abstracts of Papers, 233rd ACS National Meeting, Chicago, IL, United States, March 25-29, 2007 (2007), INOR-963.

Tyvette Hilliard and LeRoy Jones II, "Preparation of half-metallocene catalysts for biomedical applications" Abstracts of Papers, 233rd ACS National Meeting, Chicago, IL, United States, March 25-29, 2007 (2007), INOR-410.

Robert J. LeSuer and **Chiemela A. Nkuku**, "Electrochemistry in deep eutectic solvents", Abstracts of Papers, 233rd ACS National Meeting, Chicago, IL, United States, March 25-29, 2007 (2007), INOR-831.
