

## List of Approved Reassigned Time Activities University Awarded CUEs: 2025-2026

The List of Approved Reassigned Time Activities identifies assignments approved for faculty members through the Office of the Provost. These items are to fulfill activities requested by the academic department, college, or university. The assignments make up the 'List of Approved Reassigned Time Activities' recognized by the Faculty Contract, Articles 18 and 32, and in Appendix F, #14. They are the only ones approved by the Provost and the President. Additional CUEs related to class size and type are stipulated in the Contract. Appendix F. Additional activities based upon programmatic need, such as curriculum or course development and accreditation-related activities, may be awarded with prior approval. If Chairs/Directors wish to assign activities not listed, they **must** submit a written request to the Dean and the Provost and receive approval before making the assignment.

**Reports** on all activities for which reassigned time CUEs are awarded to faculty are due to the chairs by the end of the term for which the activities occur. These reports should appear in the annual evaluation review portfolios.
