

## AAT Science Alignment with CSU Secondary Science—Chemistry Program

**CSU Secondary Chemistry Program alignment with AAT:** The first column indicates the courses taken at the community college for the AAT. The second column indicates CSU's requirements. The last column represents what must be taken at CSU to complete the baccalaureate degree requirements. In some cases, additional coursework taken beyond the AAT requirements may be accepted as transfer credit. Please confer with the Office of Teacher Certification for clarification.
