a. **Six Percent (6%) Increase in Undergraduate Tuition Rate**

Trustee Jay Smith and Chair Gowen inquired why there was not enough notice given to students about the increase.

Ms. Edwards indicated that current students are not affected by the increase. The committee discussed the increase in July 2018 and members from the student body voted on the decision.

Chair Gowen questioned why six percent was chosen. Ms. Edwards stated that in comparison to other institutions, there has not been an increase in over four years and we are among the lowest in tuition rate and the inflation rate has not been compatible within several years.

Trustee Horace Smith moved to approve the Six Percent Undergraduate Tuition Rate for FY2020 Resolution. Trustee Buckner seconded the motion. The motion passed as follows:

- Ayes: 4
- Nays: 0

b. **Academic Year 2020 Mandatory Fee Increases Resolution**

Ms. Edwards gave an overview of the increases in the mandatory fees. She stated that there are three new fees being proposed.

- The bond fee ($360 per year) to pay the student services’ allocated portion of debt services associated with bonds on the student union building.
- The campus improvement fee ($40 per year) to upgrade classrooms/campus,
- The grant in aid fee ($40 per year) which will help close the gap between what the University offers and financial aid offers.

Trustee Jay Smith asked if the athletics fee increase allow for longer hours and new equipment. Ms. Edwards responded that new equipment would be installed in fall 2019.

Trustee Smith asked how fee amount was determined and if there were an analysis on the effect the fees would have on current students. Ms. Edwards specified that each fee was checked independently, along with state projections and projects that need completing. Ms. Edwards explained that a comparative assessment was conducted of other universities on how fees impacted their students. However, these fee increases would affect our students in positive ways and that would increase enrollment. In addition, the committee will generate a bi-annual report on the usage of the fees.

Trustee Jay Smith reported that students are concerned about the 31% increase and how they would be notification regarding the usage of the money. Ms. Edwards responded that there would be reports and town hall meetings to notify students. Trustee Horace Smith asked what is the percent increase total that the university is asking students to contribute. Ms. Edwards replied 31%. Trustee Horace Smith asked if rates are increased too quickly, would students be able to afford them and will that be a negative incentive to cause students not to enroll. President Scott explained that because of the support from the new governor and state house, our enrollment will increase. The fees will not stop students; it will be the brand and status of our facilities. She further stated that the students would be informed on exactly how the monies will
be spent in order to allow them to appreciate the benefits of this increase. Trustee Horace Smith agreed that students need to be informed.

Trustee Jay Smith moved to approve the Mandatory Fee Increase Resolution. Trustee Harper seconded. The motion passed as follows:

- Ayes: 5
- Nays: 0
