Student Work Sample [Representative Levels]	Name of Student(s)	LiveText Document Number/Location
Target	57.1%	
Acceptable	28.5%	
Unacceptable	14.2%	

Impact Statement/Reflection on Student Learning

A) Write a reflection or impact statement on this assessment.

Students showed varied results in their commitment to student leadership, that was exacerbated by the Covid distance learning issues. Student needed time to adjust and re-engage in elearning formats and that led to new complications for peer led activities.

B) What are your future needs and/or plans to disseminate what you have learned?

I will be redeveloping a rubric for the leadership activity to attempt to get students to diversify their analysis of inclusive concepts. As adaptation I will be insisting on an elearning adaptation to their peer leadership plans.
