UNIVERSITY

PUTTING EMPOWERMENT IN MOTION

COLLEGE OF EDUCATION

Discover Inspired, Equity-Driven Education at the Chicago State University College of Education.

Few callings are as vital as training and motivating students throughout their formative years. And few institutions are as experienced in this field as the Chicago State University College of Education, with more than 150 years of experience in excellence.

CSU was founded as a teacher training institution — Teacher Training School — which established our campus as a preeminent institution for progressive education. From developing unique education curricula to unconditionally admitting African American students, ours is a history of nationwide firsts — and we are not done innovating. Our College of Education students are well-positioned for success through our vast partnership and alumni network.

Outstanding Preparation for Today's Educational Specialties

Through our undergraduate and graduate degree programs, the **College of Education** sets the standard for all major areas of study. While many of our programs lead to endorsement and educator licensure in the State of Illinois, we also have programs that prepare students for careers outside the classroom. Students have over 30 experiential learning opportunities from the Chicago metropolitan area to communities abroad. With diverse faculty and students, CSU's work is centered around advancing equity in education.

Featured Scholarships

CSU offers two prestigious programs with **full 4-year tuition scholarships and rich learning opportunities**, including weekly academic preparation workshops and mentorship.

- **Call Me Mister** is a national scholarship and student success program that is increasing the number of diverse, male teacher candidates becoming teachers in underserved urban communities.
- **Diverse Scholars in Education** is a CSU initiative for future educators committed to urban education and social justice.
- **Early Childhood Access for Equity** is for professionals who work in early childhood settings and want to pursue a bachelor's degree and professional educator license (Birth - Grade 2).

Department of Education Studies

Our students are dedicated to serving and advocating for culture-, language-, and ability-diverse children and their families. Students learn research- and evidence-based practices that assure optimum development of the children and families served.

- B.S. Education with Licensure, Early Childhood Endorsement and non-licensure Option
- B.S. Education with Licensure and ESL Endorsement
- B.S. Education with Licensure and Bilingual Specialist Option

- M.S. in Education (non-licensure), Physical Education

Our Rich History Supports Your Future Success

Strong Alumni Network

CSU has a strong track record of success across our 150 years of experience. Alumni include Janice Jackson — Chief Executive Officer of Chicago Public Schools — and LaTonya McDade — Superintendent of Virginia School District. Our alumni are leaders in classrooms and school systems across the region and country, drawing from the support and instruction from CSU.

Employer Partnerships

Excellence is fostered from real world experiences and personalized support. CSU has over 40 employer partnerships that allow students to learn in a setting that matches their career aspirations. Additionally, our dedicated staff is here for you throughout your time at Chicago State University, providing personalized attention, individual mentoring, and exceptional service.

Department of Advanced Studies in Education (DASE)

The Department of Advanced Studies in Education strives to balance theory with practice by offering appropriate classroom and field-based experiences, as well as the highest possible caliber of academic programs at the master, post-master, and doctoral levels. Programs housed under this department, which are committed to developing excellent professional leaders in education, including teacher leadership, special education, and higher education administration, are the following:

- M.S.Ed. in Curriculum & Instructional Foundations Master's Degree Program
- M.A. in Educational Leadership — Higher Educational Administration Master degree program
- M.A. in Educational Leadership — Principal Preparation Master degree program
- M.S.Ed. in Special Education Master degree program
- Ed.D. in Educational Leadership Doctoral Program

Be a Part of the College of Education and the Reputation for Excellence.
