Academic Regulations

ACADEMIC PROGRESSION POLICY

Students who have not successfully completed the academic skills requirements will have a hold(s) placed on their records which will remain until the specified requirements have been met.

Academic Skills Courses & Placement Assessment

English and Reading / Once accepted for admission to Chicago State University, all freshmen and/or transfer students must take the university diagnostic examinations in English and Reading by the end of their first term in residence. All students must either meet their minimal requirements of the university diagnostic examinations in English and Reading or pass the appropriate academic skills course, namely, English 1230/123 or 1240/124, or Reading 1500/150. Students placing into an academic skills course in English or reading must enroll in the appropriate course the semester immediately following the examination. To exit from these courses, students must pass the appropriate examination.

Math

Degree seeking undergraduate students may not register for any mathematics or computer science courses until they have passed the mathematics qualifying examination or the appropriate academic skills mathematics course(s). This is a computerized examination which will place students into MATH 0880/088 (Math Tutorial), 0990/099 Level I or 0990/099 Level 2 (Intermediate Algebra) or a higher-level mathematics course depending on the student's major.

Transfer students who transfer in one or two general education math courses with a C or better and whose majors do not require additional math courses do not have to take the placement examinations in mathematics. Students must meet with their advisors to determine whether or not their majors require them to take the mathematics placement examination. Regardless of major, any student who wishes to enroll in a course or courses for which passing the Math 0990/099 level of the diagnostic math examination is required as a prerequisite must take the examination and enroll in Math 0880/088 or 0990/099 Levels 1 or 2 as advised based on the mathematics examination results.

Math 0990 has the following general characteristics: (a) based on a computer platform that actively helps students develop the skills of self-monitoring and reflection, and allows individuals to proceed at a faster pace; (b) utilizes students' preexisting knowledge; (c) emphasizes acquiring computational skills and understanding of concepts; (d) uses graduate and undergraduate assistants as in-class tutors; (e) accommodates the students' various levels of preparedness; (f) prepares students for Math 1800/123, 1010/140, 1200/162, CPTR 1100/141, etc. with Math 1800/123 being the general education course of choice for non-science majors; and (g) revises the curriculum to address math as needed in the majors.

DESCRIPTION / Math 0990 is an eight credit course comprised of two levels of four credits per level: Level 1 and Level 2. The current upper-end of 090 and lower half of 095 have been merged into Math 0990 Level 1; the upper end of 095 and material from 098 have formed Math 0990 Level 2. Thus,

students needing only Level 2 will enroll in 4 credits only; students needing both levels will enroll in eight credits. The placement exam will determine a student's level. Half a semester or eight weeks is devoted to each level.

Questions about the courses, the examinations, or preparation materials should be addressed to the appropriate area:

Mathematics	Dr. K. Attele	HWH 332	x2102
English	Dr. Brenda Aghahowa	SCI 320	x2189
Reading	Dr. R. Buteau	ED 318	x2089

Cancelled Classes

The university reserves the right to limit the size of the classes and to cancel classes for which there is insufficient enrollment. If the class for which you are registered is cancelled, you will automatically be dropped from the class. If you do not find an alternative class, a tuition refund will be processed to your account according to the refund policy. Students receiving financial aid may wish to consult with their financial aid counselor concerning any award implications.

Class Attendance

Students are expected to attend all class sessions in the course sections for which they are registered unless prevented by illness, an official university activity, or other urgent and unavoidable reasons. The responsibility for maintaining class attendance records rests with each faculty member. Students are expected to make their own arrangements with faculty members regarding making up class work and all assignments when classes are missed.

The following is the university policy on class attendance:

- An instructor may drop students who do not attend the first day of class and make no attempt to contact the instructor or department chairperson prior to the absence. The instructor may report students who do not attend the first two weeks of class without evidence of a legitimate excuse to the Registrar who will drop the student from the class.
- Instructors are required to monitor and keep records of the attendance of students at all class meetings. If a student's total absences are equal to or exceed the equivalent of two weeks of instruction, the instructor may drop the student from the course with a grade of W by February 18. The instructor may assign a nonattendance grade of W/A or W/N. (See WITHDRAWAL FROM THE UNIVERSITY)
- To drop or withdraw from courses, the student must use the drop/withdrawal form, have an advisor sign it, and then submit the form to the Registrar's office. If a student stops attending a class but fails to withdraw officially from the class before the official drop date, the result may be a failing grade. Although the instructor may drop a student for nonattendance, it is ultimately the student's responsibility to drop the class. (See WITHDRAWAL FROM THE UNIVERSITY).

If you are attending a class and you are informed that your name does not appear on the official preliminary and subsequent class rosters, it is your responsibility to investigate the matter immediately by contacting the Office of Records and Registration.

Calculate Your Tuition

This formula shows how to tabulate your tuition charges.

- **On-Campus:** (Total number of cr. hrs you are taking) X (tuition per cr. hr) + (fees applicable to your total cr. hrs) = Your tuition.
- **Off-Campus:** (Total number of cr. hrs you are taking) X (tuition per cr. hr) = Your tuition.
- **Distance Learning:** (Total number of cr. hrs you are taking) X (tuition per cr. hr) + \$50 Distance Learning Fee = Your Tuition.

Any combination of Extension or Distance Learning courses and on-campus courses will have mandatory fees charged.

NOTE: Some courses carry additional fees. These fees are not included in the tuition and mandatory fee information. The list of courses with additional fees is in the back of this bulletin.

Mandatory FeeFULL - TIME\$1004.00
Mandatory FeePART - TIME \$375.00

Mandatory fees apply to all on-campus students with combination off-campus and on-campus schedules regardless of student level or residency.

Four Year Guaranteed Tuition Plan

The "Truth in Tuition" bill mandates that Illinois public universities provide four years of level tuition for new students enrolling for the first time beginning with the Fall 2004-2005 academic year. Undergraduate and transfer students enrolling at CSU for the first time after Fall 2004 and students who enroll for the first time every semester beginning Fall 2004-2005 and thereafter will have their tuition rate held constant for four consecutive years.

The guaranteed rates will remain in effect for four years or until the student reaches 120 credit hours. The hours will be extended to accommodate any majors or programs that exceed the 120 hours or four years. The guaranteed rate will remain in effect except in the event of a break in enrollment of no more than one year (two semesters, excluding summer school). In no case will the initial guaranteed rate be valid beyond five years of total enrollment. A tuition surcharge of 10% will be assessed for students that extend beyond the four-year guarantee period (120 credit hours) or five years of total enrollment. For all other students, CSU's current tuition program will remain in effect.

IMPORTANT! NOTE: A change in major will not affect the guaranteed rate. The guaranteed rate will continue for the number of credit hours necessary to complete the new major, not to exceed five years of total enrollment. Beyond five years of total enrollment, a 10% surcharge will be assessed.

Extended illness and military service will be given special consideration. The rate guarantee will be extended on a case-by-case basis by invoking the student appeal process.

Transfer student rates will be guaranteed based upon 120 credit hours less the number of credits transferred at the time of first enrollment. All extensions and exceptions that apply to new freshmen will be extended to new transfer students.

Credit Hour Pricing / Beginning with the Fall 2004-2005 academic year, tuition and mandatory fees will be charged on a per credit hour basis up to 15 hours. This 15 credit hour cap will allow students to complete 120 credit hours in eight semesters or four years. Credit hours above 15 will be charged at the rate for 15 credit hours.

Out-of-State Undergraduate Tuition / *Undergraduate* out-of-state (non-Illinois resident) per credit hour tuition is twice the resident per credit hour tuition. The Four Year Guaranteed Tuition Plan is extended to all undergraduate out-of-state new freshmen and transfer students.

Out-of-State Graduate Tuition Rates / *Graduate* out-of-state (non-Illinois resident) per credit hour tuition is twice the resident per credit hour tuition.

Student Financial Aid

ADM 207 • (773) 995-2304

Deadlines and policies are available in the Office of Financial Aid, Office of Student Financial Aid and on the Financial Aid website. The university provides an established financial assistance program designed to best meet the needs of Chicago State University students. Assistance is available to eligible students in the form of scholarships, grants, assistantships, student employment and loans. All students wishing to be considered for financial assistance must complete the FAFSA (Free Application for Federal Student Aid).

To be eligible for Federal Grants

Students must be enrolled in a program leading to a degree/certificate in order to be eligible for Federal Pell Grants, Federal Supplemental Educational Grants, Federal College Work-Study, Federal Stafford Loans, Federal Perkins Loan and the Illinois Student Assistance Commission MAP Grant.

Special students (At-Large, conditionally admitted Graduate students, or students enrolled in contract courses) are not eligible for state or federal financial assistance. Generally, students must be enrolled for at least six (6) credit hours in order to be eligible for assistance from these programs.

Undergraduate students must be enrolled for at least nine (9) hours in order to be considered three-quarter time and twelve (12) or more hours in order to be considered full time. Nine hours is considered full time for Master's candidates; five (5) hours part-time. A change in enrollment status (hours enrolled and/or grade level) that occurs after the financial aid recipient's original registration must be reported immediately in writing to the Office of Student Financial Aid. Failure to report changes in enrollment status may result in an overpayment, cancellation of benefits, and jeopardize future eligibility for student financial assistance. Students selected for verification by the U.S. Department of Education or the university will be required to provide requested documentation before their financial aid awards can be processed.

Review your Financial Aid status anytime

Students may review their financial aid status at any time on the CSU X-Press website. This website provides students with information relating to the amount of their financial aid awards, if any, as well as informing them of any requirements that they might need to fulfill, such as, but not limited to, submitting verification documents, tax forms, SAP (Satisfactory Academic Progress) petitions, etc., before their financial aid package may be finalized.

The Office of Student Financial Aid no longer mails document tracking and award letters to continuing students. Instead, students are notified via e-mail that there is "activity" on their financial aid accounts and that they should go to the CSU X-Press website to review their status. All continuing CSU students have been assigned an e-mail account. It is every student's responsibility to access his/her e-mail periodically and to review any communication from the Office of Student Financial Aid.

Financial Aid Waivers / A limited number of "temporary financial aid waivers" may be issued to students that have submitted all accurate financial aid documentation: accurate and signed Student Aid Report, income documentation, as well as additional documentation requested by the Office of Student Financial Aid prior to the academic term. Waivers are issued through the Office of Student Financial Aid and are contingent upon pending financial aid, enrollment status, and academic progress standards. Students are responsible for payment in the event that funds are not received due to program limitations.

Student Financial Aid Satisfactory Academic Progress

Policy and procedures

Federal and State regulations require Chicago State University to establish and implement a "Satisfactory Academic Progress Policy" for students. Chicago State University's Satisfactory Academic Progress (SAP) Policy measures whether eligible undergraduate/graduate students are progressing at a reasonable rate towards the completion of their educational objectives. Students must be in compliance with this policy in order to maintain their continued financial aid eligibility. Copies of the current Satisfactory Academic Progress Policy are available for students in the Office of Student Financial Aid. The document is also available for review in both the undergraduate and graduate catalog, as well as on the Chicago State University website.

Mitigating Circumstances/Appeal Process

Students who fail to make satisfactory academic progress may petition for reinstatement of their eligibility to the Satisfactory Academic Progress Appeals Committee. The student must document mitigating circumstances, such as injury, illness, family death or other emergencies. Students appealing for reinstatement of their financial aid eligibility will be required to seek assistance from the many academic support services offered by the university. Students whose appeals are denied will be required to sit out financial aid for one semester. In that semester they must: a) fulfill stipulations of a NEW contract and b) attain a minimum semester G.P.A. as specified and c) successfully meet requirements of the quantitative measure. Students who have fulfilled all of the above requirements can apply for probationary financial aid status. If granted, they must spend

a semester on financial aid probation. To exit this probation, they must fulfill requirements specified under "Exiting Probation." Students who are terminated from financial aid eligibility and subsequently reinstated are considered to be in probationary status.

NOTE: The Satisfactory Academic Progress Policy is subject to change without notice. The Office of Student Financial Aid will make every attempt to provide students with timely notice regarding their satisfactory academic progress status. However, it is every student's responsibility to read the policy and monitor his/her own progress.

ISAC Monetary Award Limitations

The State of Illinois MAP grants, which are administered by the Illinois Student Assistance Commission (ISAC), are being tracked by the equivalent number of semester hours of MAP benefits paid on a student's behalf. This is called "MAP Paid Credit Hours." Payment for each term is being made according to the equivalent number of credit hours eligible for MAP payment, with a minimum of three (3) and a maximum of 15 MAP paid credit hours. There is a limit on the number of MAP credit hours that can be paid while you are classified by a school as a freshman and sophomore. This is the equivalent of 75 MAP paid credit hours. If this maximum is reached, a student must attain junior status for MAP grant eligibility to resume. The maximum number of MAP paid credit hours that can be received is capped at 135.

NOTE: ISAC reserves the right to change the terms of the State of Illinois MAP grant program, at any time, prior to the beginning of the Spring 2009 semester.

Student Loans

The Federal Stafford Loan program limits, if combined, cannot exceed the established limits and cost of attendance. During the 2008-2009 year a student may be eligible to borrow a Federal Stafford Loan based on the following limits:

	<i>Subsidized.....</i>	<i>Unsubsidized</i>
Freshman	\$3,500	\$6,000
Sophomore.....	\$4,500	\$6,000
Junior	\$5,500	\$7,000
Senior.....	\$5,500	\$7,000
Fifth Year	\$5,500	\$7,000
Certification.....	\$5,500	\$7,000
Certificate	\$5,500	\$5,000
Master's/Doctorate	\$8,500	\$12,000

You will only be eligible to borrow one loan for one academic year. For example: If you borrow \$3,500 subsidized Stafford Loan as a Freshman, you will not be allowed to borrow a subsequent loan until you advance to the sophomore level. In order to obtain a loan, a student must complete a CSU Federal Stafford Loan Request Form. This form may be downloaded from the Financial Aid website. Go to www.csu.edu, click on "Financial Aid" and then click on "Apply for Loans". Downloaded forms must be completed and submitted to the Office of Student Financial Aid. February 28, 2009 is the last day that the Office of Student Financial aid will accept loan applications for the Spring 2009 semester.

CSU's "Financial Aid Refund/Repayment" Policy

If a CSU student, receiving any federal or state student financial assistance completely withdraws prior to the end of an academic term in which he/she received federal/state aid, federal regulations require CSU to determine the amount of federal and/or state aid that must be

returned to the student financial assistance program and/or the amount that must be repaid by the student who has received a cash disbursement of any federal or state aid including book vouchers. If a CSU student completely withdraws after receiving a cash disbursement, including a book voucher, from any student financial assistance program, CSU will determine the amount that must be repaid by the student to the student financial aid programs by utilizing the student repayment formula.

Student's Repayment

If a student receiving certain federal financial assistance completely withdraws, federal regulation requires Chicago State University to "prorate" and reduce the awards received, according to the actual number of calendar days in which you were enrolled and charged.

If you received a disbursement check prior to your complete withdrawal, based upon "prorate" you may be required to repay a portion or all of such funds to the award program. Before you initiate a complete withdrawal contact the Office of Student Financial Aid for a complete explanation.

Timeline dates will be posted in the Office of Student Financial Aid for recipients of the basic state and federal financial aid programs. Timeline dates do not apply to recipients of other aid that may be based on academic performance, pursuit of a specific program/degree, etc., or aid from private sources.

Debt Management

Students who receive Federal Family Education Loans are required to complete Debt Management Loan Counseling prior to receiving a disbursement and an Exit Interview when they drop to less than half-time enrollment, completely withdraw or graduate from the institution. Students must complete both of these requirements on-line at the Financial Aid website. Go to www.csu.edu, click on "Financial Aid" and then "Loan Counseling." Follow the instructions on the screen.

Federal Work-Study (FWS)/Student State Aid

A limited number of positions are available throughout the university through the Federal Work-Study and State Aid funded student employment programs. Students with exceptional need are awarded FWS/SA eligibility and given the opportunity to be employed. Students wishing consideration for student employment should indicate their interest on the FAFSA. Rates of pay vary, depending upon the type of work and the level of responsibility. A student must be paid at least the minimum wage. Students are responsible for monitoring the time/hours they work so that they will not exceed their award balance.

Veterans Affairs Office

Students receiving Veterans Benefits are required to adhere to the university's academic standing policies as outlined in the university's catalog. A change in enrollment status which occurs after the Veteran's status has been certified must be immediately reported to the Veterans Affairs Office which is located in the Office of Student Financial Aid. Failure to report changes in enrollment status may result in overpayments. An unapproved change of program may cause termination of future benefits.

Financial Aid Website, E-mail and CSU X-Press....

All information provided in this Student Financial Aid section is subject to change. Any such changes and/or modifications will be reflected on the Office of Student Financial Aid website. It is the responsibility of all students to keep themselves informed as to issues that may affect their financial aid eligibility by regularly monitoring e-mail correspondence from the Office of Student Financial Aid and accessing the Office of Student Financial Aid website and CSU X-Press.

Chicago State University ORAL ENGLISH PROFICIENCY STUDENT COMPLAINT PROCEDURES

Approved September, 1991

Illinois statute requires each public institution of higher education to "establish a program to assess the oral English language proficiency of all persons providing classroom instruction to students," and to "insure that each person who is not orally proficient in the English language attain such proficiency prior to providing any classroom instruction to students."

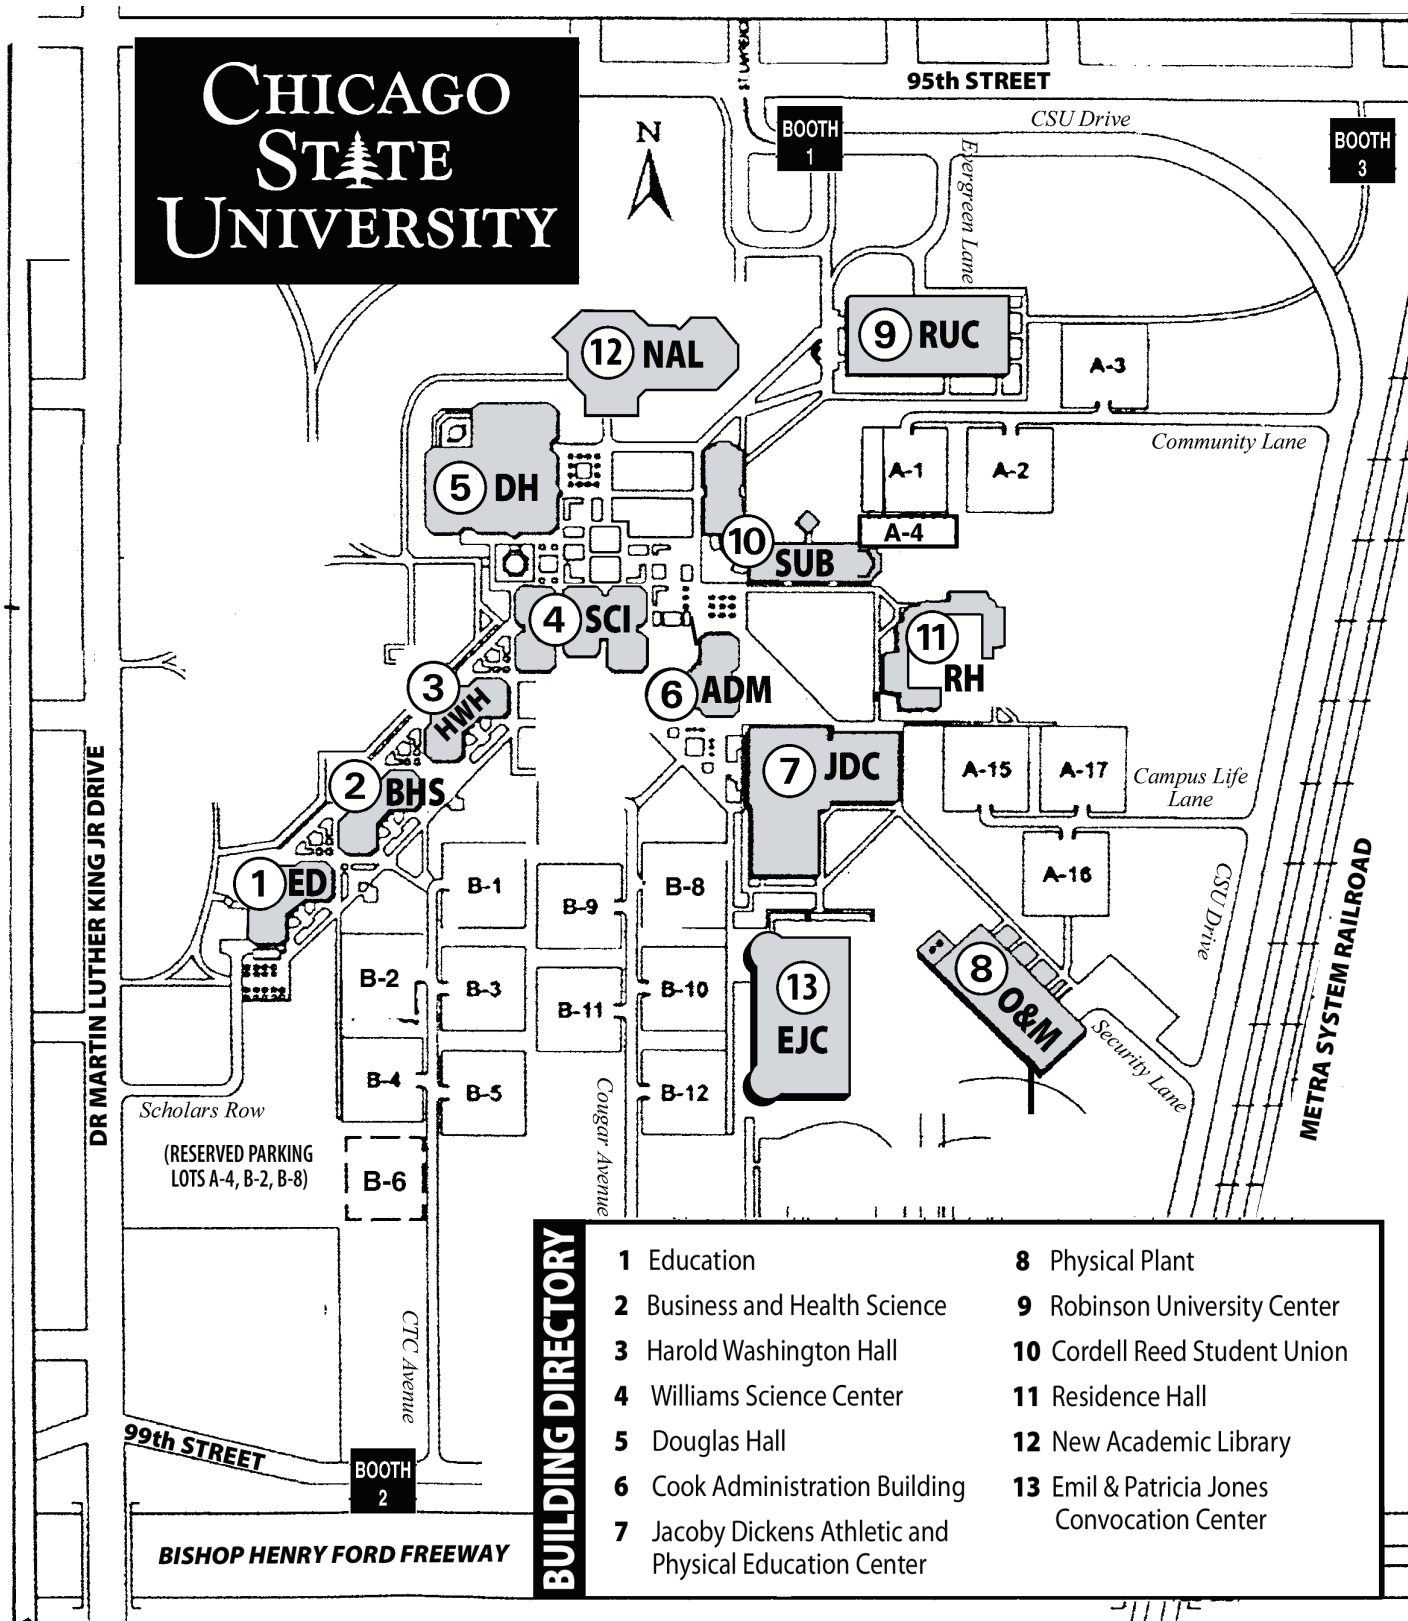

Students with complaints about the oral English proficiency of Chicago State faculty should first contact the chairperson of the department involved. The complaint must be in writing and should be as specific as possible. Copies of the complaint must be sent to the appropriate college Dean and to the Provost / Vice President for Academic Affairs.

The chairperson will investigate the complaint and may observe the class. If the chairperson concludes that the faculty member's English is adequate, the chairperson will notify the student, the faculty member, the Dean, and the Provost / Vice President for Academic Affairs. The student may appeal the chairperson's decision to the dean. The dean will then investigate the complaint and follow the same notification procedure. The decision of the dean will be final.

If the chairperson or the dean finds that the faculty member's oral English is unsatisfactory, he or she will make a recommendation to the Provost / Vice President for Academic Affairs. The Provost will take action on this recommendation and notify all parties involved of his or her decision.

Except for the necessary notifications, the identities of all students and faculty involved in oral English proficiency complaints shall remain confidential.
