

CHICAGO STATE UNIVERSITY

December 30, 2021

Chicago State University will fully reopen for in-person instruction in early January. This message is provided to **modify the recent message regarding the COVID-19 testing requirement for return to campus**. Based on the latest guidance from the [Centers for Disease Control and Prevention \(CDC\)](https://www.cdc.gov), **CSU is strongly encouraging that all students and employees test for COVID-19 no more than 72 hours prior to their return to campus for school or for work**. Testing is **not** required.

To assist our campus community in meeting this recommended public health mitigation effort, CSU will be hosting two COVID-19 testing clinics on campus prior to the start of the spring 2022 semester. Members of our community may test at one of these available testing sites:

1. Monday, January 3, 2022

11am - 3pm

Lobby of the Jones Convocation Center (JCC)

2. Saturday, January 8, 2022

11am - 4pm

First floor dance studio of the Jacoby Dickens Center (JDC)

A photo ID is required - no insurance information is needed. No appointment required, but completing a questionnaire at <https://northshoreclinical.jotform.com/213075413330948> will speed up your testing time. **Family members of CSU students, faculty, and staff are also welcome to utilize the clinics on these two testing dates.**

Additionally, **students, faculty, and staff may utilize CSU's regular weekday COVID-19 testing through SHIELD IL** which will be available in the Cordell Reed Student Union Building (SUB), Conference Room C, beginning Tuesday, January 4:

Monday: 9am to 12pm

Tuesday: 12 to 3pm

Wednesday: 3 to 6pm

Thursday: 3 to 6pm

Friday: 9am to 12pm

If you are unable to make an on campus testing service prior to your return to campus for school or for work, or prefer to use an alternative service, maps to qualified COVID-19 testing sites throughout Chicago and Illinois can be found at <https://www.csu.edu/covid19updates>.

We encourage you to upload test results prior to returning to campus

Proof of your tests may be uploaded to Med Proctor by 5pm prior to the date that you will return to campus.

1. Go to <http://www.medproctor.com>
2. If you have trouble logging in, simply use your CSU email and click “forgot password”. You will follow this step even if you have NEVER logged into Med Proctor before.
3. Ignore any reference to fees, as these do not apply
4. Click on Document on right side of screen
5. Under Upload a Document, select Supporting Documentation
6. Choose Select a File and upload your document.

We look forward to a safe and successful start to the spring 2022 semester!

IMPORTANT NOTE: The Illinois Governor’s Executive Order regarding weekly testing requirements for all unvaccinated students and staff remains in effect. If you **are not fully vaccinated**, you must continue to test and report your test reports through the MedProctor portal each week.
