

August 25, 2020

Dear CSU Students,

We are excited to welcome you back to classes for a new and exciting academic year. Here's what you need to know as classes start. Embedded links are listed at the bottom of the letter.

Confirm Whether Your Class is In-Person

Most classes this fall are fully remote. **If your class does not appear on the [Course Scheduling page](#), it means the class will be taught by your instructor in a fully remote environment.**

Go to Moodle for Coursework

All information for your classes is available on [Moodle](#).

Get Enrolled

If you still need to sign up for classes, pay a bill, or take another action to fully enroll, make an appointment during the Enrollment Service Days. The days are Wednesday and Friday (8 - 4) and Saturday (8 - 3) of this week. More information is [here](#).

Student Services

CSU is still offering our campus and student services, such as Advising, wellness, internships and career counseling and the Library, by appointment only. Visit [here](#) to see the hours of operation and process for making appointments.

Protect Your Cougar Community While On-Campus

We must all take the necessary steps to protect ourselves and our community. Just take these four steps:

1. **Get trained:** Learn about safety measures on campus by taking the COVID-19 training on Moodle.
2. **Check your symptoms:** Stay home if you feel sick in any way.
3. **Wear a mask:** Whenever you are on campus, you must wear a mask. If you forget a mask, front desk staff can provide you a mask.
4. **Make an appointment:** You must make an appointment for student and campus services before coming to campus. Service information is [here](#).

Additionally, when you're off-campus, it is important that you follow the CDC guidelines. This includes wearing a mask when you are near others, staying away from large gatherings, and washing your hands frequently. Learn more by viewing our [COVID-19 page](#).

It will take the whole Cougar Community to stay safe. By doing so, we can focus on what we do best: excelling in the classroom, our community, and in our careers. #CSUProud

Warmly,

Zaldwaynaka Scott, Esq.
