PRE-PROFESSIONAL COMPONENT

- (EOC)=End of Course Examination
- Exit Examination= Comprehensive examination
- NURS 0920 (Bridge II), 0930 (Bridge III), and 0940 (Bridge IV) are mandatory not-for-credit nursing courses for students who have not successfully passed a nursing course or who have not passed an End-of-Level course and/or End-of-Level examination

Application Requirements Students applying to the professional sequence component must complete or transfer in the pre-professional courses. Credentials will be reviewed by the Admission, Progression, Retention and Graduation (APRG) Committee for formal acceptance into the professional sequence. An onsite proctored essay is required for all applicants. Applications and supporting documents from regular and transfer students must be received by September 30th in order to be considered for Spring admission into the professional sequence of the program. Students are selected according to ranking criteria. NURS 0910 is not a transferable course. **ATI TEAS** Standardized exam is **required** for all nursing applicants.

***A fee is associated with this exam

Revised Fall 2012
