Chicago State University, 9501 S. King Drive, New Academic Library, 4th Floor, Chicago, IL 60628

EVENT DESCRIPTION

Aimed at turning brain drain into brain gain, this year's Pan-African Sustainable Leadership Summit brings global leaders and industry experts together with internal and external university stakeholders, community leaders, investors, businesses, nonprofits, vendors, citizens and the media world to create lasting connections for effective professional development. Participants will enhance their leadership portfolio; meet global leaders and gain opportunities for global business and investment funding; learn from globally-acclaimed cross-cultural experts; directly engage in any of the four tracks intensive 3-day short-term professional development workshops for university certificate; take part in African students essay competition; and enjoy a grand-style celebration of African culture, brain trust, and accomplishments.
