

Policy on CSU Graduates as Adjunct Faculty

CSU graduates who have met the requirements for teaching as outlined in the university's Faculty Credentials policy (https://www.csu.edu/provost/documents/Faculty_Credentials.pdf) may apply to the lecturer pool for a department/program and be hired as an adjunct faculty member.

Adjunct faculty are not members of the faculty union.

Nothing prevents adjuncts who reach the requirements for a Unit B faculty from entering the bargaining unit.

Nothing prevents CSU graduates from applying for any position at the university for which they are qualified.

This policy replaces and supersedes prior policies related to CSU graduates as adjunct faculty.
